

In the 1800's, this building was constructed as a customs house and has witnessed the curious gazes of various individuals through its stone walls. Batis'in Kahvesi, one of the freshest memories of this structure, was operational 180 years ago at the *Urla Pier*.

Today, it is impossible to ignore this name and legacy while catering to the coffee cravings of the region. Batis'in Kahvesi is at your service with carefully selected coffees and a thoughtfully prepared breakfast menu.

Enjoy,
The Batis Team
